# The digital archives of Salman Rushdie

## Searching and Using the Born Digital Files

- **Emulated Environment**

Start here to experience the look and feel of Rushdie's original computer environment. Emulation employs current technologies to imitate older systems and applications. In this environment, you will be able to view Rushdie's exact directory structure and open each file in the application in which it was created, such as MacWrite Pro or ClarisWorks.

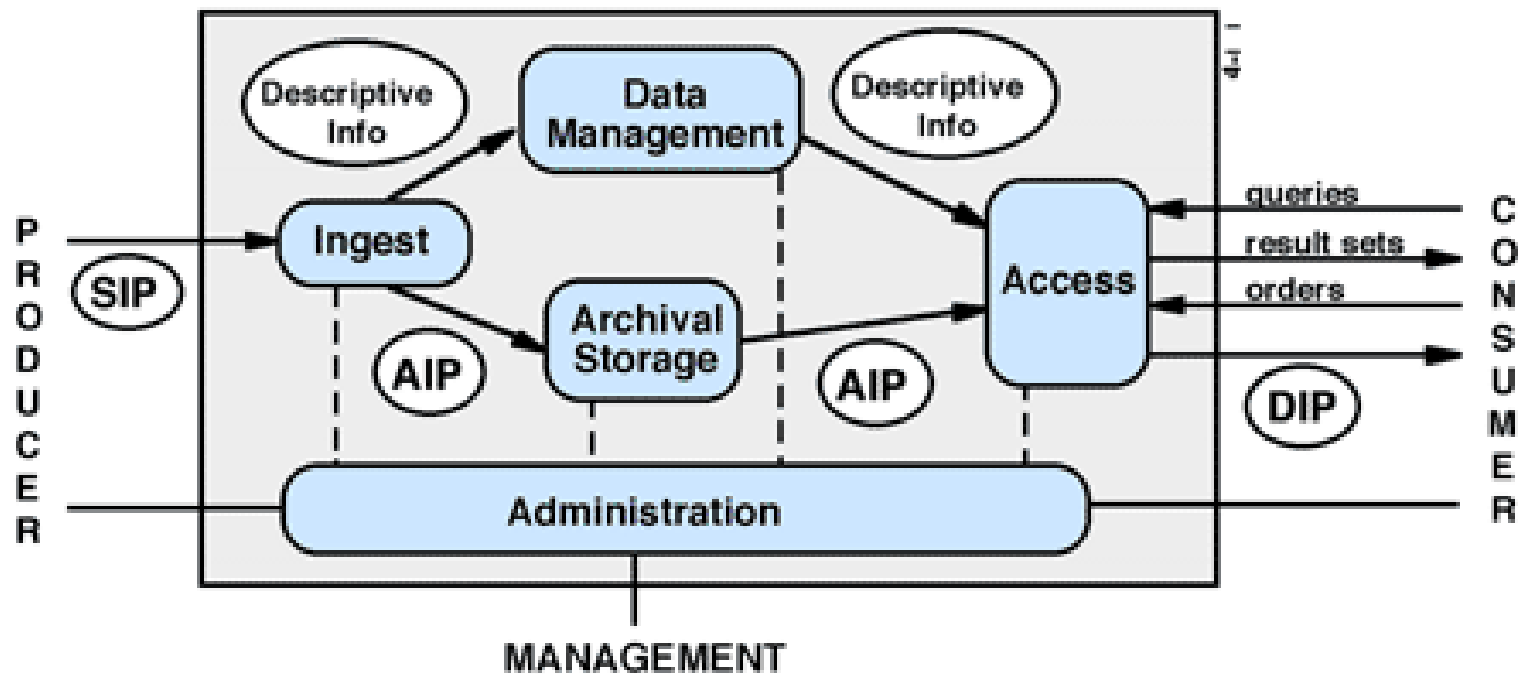

- **Searchable Database**

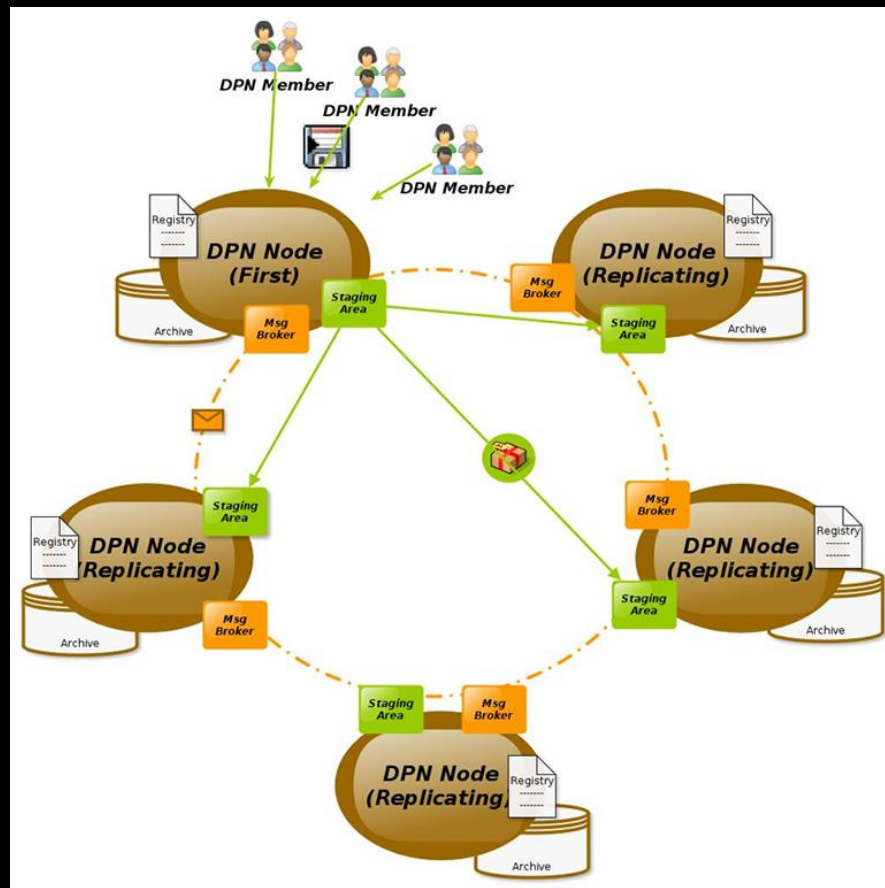

Use the searchable database to find a specific text or to browse the Performa 5400 by directory or type of work, such as fiction, nonfiction, or correspondence. This database enables you to conduct simple or advanced full text searches of individual files and displays the majority of files in PDF format; therefore some original formatting and context may be lost.

*My dear Father and Mother,*

E. arrived here last Night, highly pleased with our Journey, and the Occasion of it. May God bleis you both with long Life and Health, to enjoy your sweet Farm, and pretty Dwelling, which is just what I wish'd it to be. And don't make your grateful Hearts too uneasy in the Possession of it, by your modest Diffidence of your own Worthiness: For, at the same time that it is what will do Honour to the best of Gentlemen,

# SATAN'S

BROCK  
HUNTER &  
HEATH  
SEAN WYENT

I just got home from the Satans' show (Emo's 9/2) an I feel like I been rode hard and put up wet. The show rocked and it was cool to see everybody get so fucking riled up. I thought I was gonna get killed and it was a good thing Hunter was wearing his protective eyewear...

Next week they're playing with Pork and then having a party the next night at Todd-N-Brock's. Susan said that she'd buy a keg if they ever got around to having the damn party. she says she get

Interview next issue.

Now might two! The Satans are great to see in that shed at T&B's. That's where they had their very first show. They are fucking ROCK STARS!! (You really get this time warp feeling when you see them.)

Geeks & neek.

THE GEEK REVOLUTION!!  
THE GEEK  
REVOLUTION!!

You've seen it everywhere- the geek glasses, the stupid shirts, dumb humor-- now find out how to properly nurture the budding little neo-geek hiding inside you! The following is a list of geek icons whom you should devote yourself to if you ever plan on getting owhere:

## Open Source Crowdsourcing Game Platform

Metadata Games (MG) is a **free and open source (FOSS) crowdsourcing game platform**. As players play Metadata Games, images, video, and audio from libraries, archives, and museums gain valuable descriptions, making it easier for the general public and scholars to discover these collections.

The current MG build we are hosting contains over 45 Collections from 11 Institutions, containing tens of thousands of media items (images, audio, video) that have generated over 167,000 tags.

Our current collaborations include the British Library, Boston Public Library, The Open Parks Network, Digital Public Library of America, and the American Antiquarian Society, among others!

For more technical information, check the [Technical Implementation](#) section.

## Play

We have Metadata Games for every type of player! **Challenge your friends or play by yourself!**

Metadata Games are accessible through your **web browser**, and soon through your **IOS or Android** mobile devices!

Play as long as you want! Games can be as quick as **30 seconds**, or you can tag for **hours**, it's up to you. **Start right now!**
